you always told me i was special
but now i dont know what you meant
i thought everything was fine, but just was a lie
i dont know how you expect me to just forget

all the phone calls
and the kisses
and the smiles i'll be missing
you
you
you like crazy
like crazy

but youve got this hold on me
but i learn how to let go you see
heart breaks were meant to hurt
but moving on is meant to feel good
and i'll just move right along
and i dont see nothing wrong
in learning learning learning how to get over you

i always thought you were different
but now i dont know what i thought

i guess i over estimated your maturity
some boys arent built to last

yeah cuz
you lied
i cried
and i regret those tears
those tears
tears
tears
oh why

and you can live your life
and i'll live mine too
i'll look back on you
and think about all the things you do
and i'll just sit and laugh
yes i'll sit laugh

cuz i i i learned how to get over you
