It was a day like no other
I decided to go under cover
Suspicious I'd call it a hunch
Got my phaser set on stir

I walked in the local diner
And there he was with his arm around her
Sittin' there side by side lookin' into eachother's eyes

Oh no he didn't

Gave her the look, gave her the look
The one that he stole, right outta my book
Oh the nerve it took, the nerve it took
When he gave her the look

The look, yeah

I walked over to the table
Said hello, I'm your new waiter
My name's Celeste and I'm here to serve everything
that you deserve

He said this Isn't what you think it is
She's just a friend, we've never kissed
Well I don't care what you do cause baby you and me
are through

And I gave him the look, gave him the look
Turned the last page, and closed the book
He knew he was cooked, that's all it took
When I gave him, the look

Yeah Yeah

It's like the seven wonders
Or a black sky that thunders
One look can change everything

It's all about the look, about the look
Like an open book, an open book
It won't be mistook, won't be mistook

When I give you

It's all about the look, about the look
Like an open book, an open book
It won't be mistook, won't be mistook
When I give you, the look

The look, yeah
