"Run Away With Me"

Ever since I called you my own,
the sun is brighter than I've ever known,
Every sky is bluer than the sea.
All around me, flowers seem to bloom
an aroma sweeter than perfume
All of this because I now have you.

You wanna go, you wanna go,
Well I can easily tell.
I can see, I can see,
the answer in your eyes.

I read you so clear,
Run away with me, run away with me.
And I know you want to
Run away with me, run away with me.

The grass is greener on this side
Looking forward to the day you call me wife.
Every word from your lips makes me weak

All around me nature starts to sing,
A melody from the wind in early spring,
Everything is like a fantasy.

You wanna go, you wanna go,
well I can easily tell.
I can see, I can see
the answer in your eyes.

I read you so clear,
Run away with me, run away with me.
And I know you want to
Run away with me, run away with me.

When you say that I'm yours forever
my whole world, it lights up more than ever

I read you so clear,
Run away with me, run away with me.
And I know you want to

Run away with me, run away with me.

I read you so clear,
Run away with me, run away with me.
And I know you want to
Run away with me, run away with me.
