This here finger of mine  
Is gonna point to the beat, right on time  
This finger points in a brand new dance  
This finger points for a new romance

Same finger's got no ring  
It'll point at anything  
This finger points gonna pop tonight  
Gonna point at the best girl in sight

Don't talk shop  
Finger pop  
Don't talk shop  
Finger pop

Girls, girls around the floor  
Are you wondering what you came for?  
Why do these boys stand in groups?  
Are they urban tribes of fighting troops?

Girls, girls it's time to act  
Time to beat, gonna make contact  
Make it plain and make it clear  
Just point out who you want to hear

Don't talk shop  
Round the house  
Finger pop  
Don't talk shop  
Eve or girl  
Man or mouse

Don't talk shop  
Finger pop  
Don't talk shop  
Finger pop

Boys, boys cat got your tongue  
Can't you see she's the prettiest one  
Better act that your real hurt  
Just turn around kickin' the dirt

This here mink duck is on selling street  
Tell the girl who you wanna meet  
This here finger's gonna point tonight  
Gonna point at the best girl in sight

Gonna move  
Gonna move  
Gonna move  
Gonna move

Girls, girls go around the floor  
Can't remember what you came here for

Don't talk shop  
Finger pop  
Don't talk shop  
Finger pop

This here finger of mine  
Gonna point to the beat, right on time  
This finger points in a brand new dance  
This finger points for a new romance

The same finger's got no ring  
And it gets to point at anything  
This finger points gonna rock tonight  
Gonna point it at the best girl in sight
