One emotion
It's all over the place
You let it get out
The crack in your face

One emotion
Crack of a shot
Everybody wants
What the next guy's got

One emotion
One emotion
All you ever know
Is your narrow life
One emotion

One emotion
Don't think, I don't trust
People trample people
In the guiding bus

One emotion
Fighting through the night
And it can keep your curtains closed
When it gets light

One emotion
One emotion
All you ever know
Is your narrow life
One emotion

One emotion
Moving through the town
Banging on the doors
And closing them down

One emotion
Boy meets girl
Smash and grab
It's that kind of world

One emotion
One emotion
All you ever know
Is your narrow life
One emotion

One emotion
Moving out loud
Better get your weapon ready
Walking through the crowd

One emotion
Crack of a shot
Everybody wants
What the next guy's got

One emotion
One emotion
All you ever know
Is your narrow life
One emotion

One emotion
Emotion
One emotion
Emotion
One emotion
