Freaks on this side, the freaks on this side {x8}

When U can't find the reason 4 the smoke  
There's probably water in the fire  
When everything U know ain't enough 2 float your boat  
And U're lookin' 4 somethin' that'll take U higher

CHORUS:

U got 2 get down (Freaks on this side, the freaks on this side)  
2 a brand new sound (Freaks on this side, the freaks on this side)  
In the water U'll drown (Freaks on this side, the freaks on this side)  
But the lost is found (Freaks on this side, the freaks on this side)

Come on, baby

When confusion tries 2 tear your world apart  
And the demons fight 4 power  
That's the time U got 2 listen 2 your heart  
No one knows the final hour

CHORUS

When U see an illusion everywhere U look  
When U know the process of creation  
When U understand everything in every book  
Congratulations - U're in the New Power Generation!

(Freaks on this side, the freaks on this side) {x4}  
The freaks on this side! {x3}  
When everybody calls the truth by a different name  
And the indifference between us still remains  
God is Love, Love is God - simple and plain  
Party in this way, there's so much more 2 gain

(Freaks on this side, the freaks on this side) {repeat 2 end}

(Get on down, down, down, down, down)

Freaks on this side  
We drownin' (Get on down, down, down, down, down)  
Yeah, yeah  
U got 2 get down  
(U got 2 get down) {x2}

It's New Power Generation  
And U're groovin' 2 another jam of the year  
Think it ain't when it is  
And we be drownin'  
Glug, glug like a mug

Looka here - freak on this side  
The freaks on this side  
Looka here - on this side  
On this side  
The freaks onÃ¢â€Œ U got it on this side
