Your rules are driving me dreadful insane  
I could't care less of what you really want for me

I can decide just for my own  
Don't need your self-serving advice  
Your lies did never infect me  
I raise my head and kill your last bit of influence on me

Yeah!

Coward  
Step Back  
Or I will beat you down

I stare  
In your eyes  
Until you bow your head

I won't give up or leave my path  
So just get out of my way

Like an high-explosive bomb  
I wipe you out of life  
Now it's much too late for you  
You should have gone away

Asshole  
Go away  
Why can't you leave it be

I won't  
Be the fool  
That will end up like you

I won't give up or leave my path  
So just get out of my way

Step back and leap aside  
Out of control  
Step back or fear my fucking rage

Yeah!

Never believed  
Your dreadful lies
