There's a certain kind of certain
Purpose in the way that she walks
Don't have to say nothing at all
I've seen it before
When the sun starts settin?
I'm bettin? she'll be on a plane
Raisin? a glass of champagne
To a distant shore

[Chorus:]

She's got that ain't gonna stay look
That leaving today look
That going away look about her
She's got that my mind is made up
I ain't gonna change it
Guess he'll have to live without her
She's got that maybe LA or Montego Bay
That going away look about her

I bet ya there's somebody
Probably leavin? on a light
Thinking later on tonight
She'll come on home
But come tomorrow mornin?
He'll pour more coffee in his cup
The neighbors will all be up
And she'll still be gone

[Chorus:]

She's got that ain't gonna stay look
That leaving today look
That going away look about her
She's got that my mind is made up
I ain't gonna change it
Guess he'll have to live without her
She's got that maybe LA or Montego Bay
That going away look about her

She's got that ain't gonna stay look
That leaving today look
That going away look about her
She's got that my mind is made up

I ain't gonna change it
Guess I'll have to live without her
She's got that maybe LA or Montego Bay
That going away look about her

She's got that doing okay
But I'm leaving today
That going away look about her
