Drop all your  
You ain't got nothing to say  
My girls no flirt she can walk  
and she walks like she talks

My girl fade away  
she got diamonds every day  
don't even  
when she walks away  
she's all mine  
she decides

She's got diamonds  
on the inside  
my girl  
she's got diamonds  
on the inside

she watch the world fade away  
---  
ignore every look that you throw down  
and she stands around

She's got diamonds  
on the inside  
she's my girl  
she's got diamonds  
on the inside  
she's my girl  
She's a diamond  
She's my girl  
on the inside  
she's my girl
