The world that you spit upon  
Has forgotten your name  
You're so beautiful

Cinder ash becomes a spark  
Watch your embers turn to flame  
You're so beautiful  
Everything is beautiful

Everything you need my love  
Is hidden in these tears  
There's nothing left to hide, my love  
There's nothing left to fear  
We'll run like wild dogs, my love  
No mortal hand can stop  
Everything that's born, my love  
Soon will turn to dust

So beautiful  
Through diamond eyes  
Speak my love  
Scream louder  
They can't hear you  
Stay with me my love

The magic that you call upon  
A spell that is your name  
So beautiful

Everything you need my love  
Is hidden in these tears, my love  
There's nothing left to hide  
Nothing left to fear, my love  
We'll run like wild dogs, my love  
No mortal hand can stop, my love  
Everything that was born, my love  
Soon will turn to dust, my love, my love

So beautiful forever  
So beautiful, oh,  
So beautiful forever, forever

Oh, don't be afraid  
So beautiful  
So damn beautiful  
How long, how long  
How long, how long
