Her voice cut like a razor
A rose petal with summery eyes
You beautiful flame, girl screamer
Seducer of the non-believers

Little face, they cut you down
They push your face into the ground
Oh little face, they cut you down
They push your face into the ground

Princess, but no virgin
A butterfly burnt by flame
She fluttered with her life
She stood outside till the winter came

Little face, they cut you down
They push your face into the ground
Oh little face, they cut you down
They push your face into the ground

And everyday they pull it tighter
The barbed wire wrapped around her heart
Yeah, everyday they pull it tighter
The barbed wire wrapped around her heart, oh, oh, oh

Her voice cut like a razor
A rose petal with summery eyes
Oh, beautiful flame, girl screamer
Sweet seducer of the non-believers

Little face, they pushed you down
They push your face into the ground
Oh little face, they cut you down
They push your face into the ground

And everyday they pull it tighter
The barbed wire wrapped around her heart
Everyday they pull it tighter
The barbed wire wrapped around her heart, oh, oh, oh

Little face
Little face

Seducer of the non-believers
Little face
Little face
Little face
