No hands to touch
Not a soul to feel
Hiding myself
Hiding emotions
All sympathy
Has been forgotten
All affection
Denied

I perceive nothing
I perceive no one
Darkness is peace
Silence brings me peace

My heart is closed...
No one has the key

Looking through tears
I see your tranquility
I see your joy
Out of reach
Slipping away
Don't past my tears
Question them

Comfort me

I perceive nothing
I perceive no one
Darkness is peace
Silence brings me peace

My heart is closed...
No one has the key

Pull me through the shadows of depression and fear

(Pull me through the shadows of depression
And to the light
That has denied
Pull me out of this)

Nothing but fear
But fear itself
I fear more
I fear loneliness
