Peace of mind is so hard to find

How I wonder

As we try to reach the sunrise

Sittin' on the other side of the sky

How I wonder

As we try to reach the sunrise

Ah the sunrise

Ah the sunrise

i wish you would come

And shed some light on the house of this man

Peace of mind is so hard to find

How I wonder

As we try to reach the sunrise

Sittin' on the other side of the sky

How I wonder

As we try to reach the sunrise
