

Dear Stalker "In A Right Mind"

Someday we'll all be famous
For all the wrong reasons
You and me and the ones we don't mention

Is he the kind of friend you keep to yourself?
The kind of friend who'd kiss and never tell

How I forget it's a small world
'Cause I'm living in a small town
You and me and the ones they don't talk about

Was she a pretty thing with a thing for excuses?

Was she an angry young thing?

Angry, lazy, stupid, boring
You and me, the ones we don't mention
I'll come by sometime
Not in a right mind, in a right mind, in a right mind -

Am I the kind of friend you keep on the shelf?
Am I the kind of friend you talk about, about, about
