When you come back again  
Would you bring me something from the fridge?  
Heard a rumour that the end is near  
But I just got comfortable here.  
Sigh.  
Let's be blunt.  
I'm a little distracted.  
What do you want?

Headaches and bad faith  
Are all that I've got.  
First I misplaced the ending  
Then I lost the plot.

Out among the free-range sheep  
While the big birds sharpen their claws.  
For a time we stuck with the shepherd  
But you wouldn't play Santa Claus.

Sigh.  
Let's be blunt.  
We're a little distracted.  
What do you want?

Once we could follow,  
Now we cannot.  
You would not fit our image,  
So we lost the plot.

Once we could hear you,  
Now our senses are shot.  
We've forgotten our first love.  
We have lost the plot.

When I saw you for the first time  
You were hanging with a thief  
And I knew my hands were dirty,  
And I dropped my gaze.  
Then you said I was forgiven  
And you welcomed me with laughter.  
I was happy ever after.

I was counting the days  
When you'd come back again.  
We'll be waiting for you  
When you comin' back again?  
We'll be ready for you  
Maybe we'll wake up when...  
Maybe we'll wake up when  
You come back again.

Lies.  
Let's be blunt.  
We're a little unfaithful.  
What do you want?

Are you still listening?  
'Cause we're obviously not  
We've forgotten our first love  
We have lost the plot.

And why are you still calling?  
You forgave, we forgot.  
We're such experts at stalling  
That we've lost the plot.  
Lost the plot

When you come back again  
Would you bring me something from the fridge?  
Heard a rumour that the end is near  
But I just got comfortable here.
