When the runners came from Bethlehem  
All breathless with good news  
They were passing a baton forward through time  
The commission, from God's lips to our ears  
Carried by His saints two thousand years  
Connects us all to the same lifeline  
As I fix my eyes ahead  
I can feel the Spirit's breath...

#### CHORUS

(And) I can hear the mission bell ringing out loud and clear  
It's the revolution Jesus started, and it's here  
Echoing across the world from the shores of Galilee  
I can hear the mission bell call for you and me  
I wanna run with fire  
It's my heart's desire  
Lifting your love higher

In the history of our faith's arrivals  
Great awakenings, Welsh revivals  
Saints and martyrs, summoned by a new birth  
Patrick's save of the Irish nation  
William Carey's expectation  
Lambs and Lions  
Called to the ends of the earth  
Gotta put my hand to the plow  
Not looking back, not now...

#### CHORUS
