whoaaaahhh yeaaa
take a second can you just breathe for me
you know I won't let you fall let you fall
take a look and tell me what you see when you look at
me
you know I am gonna love you forever (love you
forever)
I'm gon' hug you closer than all your clothes
and I'll know just what to say what to say
take a look and if you notice I'm not around you
If I'm without you, know that I miss you
baby you're my only girl (only girl)
only world (only one i'll ever know ever know even
though they'll try to tempt me
they'll try to get me but they don't know me they'll
never know me like you can)
I want this time (this time we're spendin') to last forever
(no past, no ending)
you don't know how (how much I love you)
you can't imagine (this love this magic)
when you say my name like a melody and I float
around the room 'round the room
stumblin' trippin' overthings that I should've seen
lookin' like I'm gonna love you forever (love you
forever)
don't you ever worry you're safe with me and I'll fight
whoever gets in my way

Take a look and if you notice I'm not around you
if I'm without you know that i'll miss you
baby you're my only girl (only girl)
only world (only one i'll ever know ever know even
though they'll try to tempt me
they'll try to get me but they don't know me they'll
never know me like you can)
I want this time (this time we're spendin') to last forever
(no past, no ending)
you don't know how (how much I love you) (no you
don't)
you can't imagine (this love this magic) (magic)
only girl (only girl)
only world (only one i'll ever know ever know even

though they'll try to tempt me
they'll try to get me but they don't know me they'll
never know me like you can)
only girl (only girl)
only world (only one i'll ever know ever know even
though they'll try to tempt me
they'll try to get me but they don't know me they'll
never know me like you can)
I want this time to last forever (this love this magic)
