A better way to live.
Another way to live.
Another day.
I want a better way to live.

I ran away to kill the pain.
So far from home, I feel the shame.
Now take the pills, I'm high alone.
And I can't believe.
My hands would bleed so much in your control.
But who's to blame?
I'll sign my name just to throw, just to throw it all away.
This is my Life.

This love will suffer from the pain.
Life will never be the same.
I wanted something more than this
I want a better way to live.
In Love, we suffer all alone.
This life is like a broken home.
Is this who I am?
Can there be a better way for us to live?

I used to think this world was cold and empty.
I was told.
Another day, another promise.
I kept holding on.
We live in pain.
We gave it all, it did nothing at all.
If you were me.
You'd call my name when I burn.
When I burn it all away.
This is my Life.

This love will suffer from the pain.
Life will never be the same.
I wanted something more than this
I want a better way to live.
In Love, we suffer all alone.
This life is like a broken home.
Is this who I am?
Can there be a better way for us to live?

My life will never be the same.
I can't live on without you.
So far away from home.
I can't be free without you.
We're angry and alone, I can't be gone forever.
Would you want to be the only one that screams alone.

This love will suffer from the pain
Life will never be the same.
I wanted something more than this.
I want a better way to live.
And now we suffer all alone, this life is like a broken
home.
I wanted something more than this.
I want a better way to live.
A better way for us to live.
A better way for us to live.
A better way for us to live.
Is this who I am?
Can there be a better way for us to live?
