A choice is set before you now
Living or dying, blessing or cursing
And now the time has come around
To turn from your fighting and rest in His mercy

Chorus:

Choose life, that you may live
The life that He gives, he gives you forever
Choose life, the way that is true
From the one who chose you,
Your Father in Heaven
Choose life

Trust the Lord with all of your heart, with all of your soul
And of all of your being
Hold on, listen and obey, surrender your life
Into his keeping

Chorus:

Choose life, that you may live
The life that He gives, he gives you forever
Choose life, the way that is true
From the one who chose you,
Your Father in Heaven
Choose life

And the weight that your under, will be lifted away
And the world will wonder what happened here today
And you'll stand right there and say

Chorus:

Choose life, that you may live
The life that He gives, he gives you forever
Choose life, the way that is true
From the one who chose you,
Your Father in Heaven
Choose life
