Lyrics:

Where do you wanna be this time next year  
Don't be left all alone, just pack your bags and come to  
Where it's free, you'll see don't let it disappear  
You know we gotta move on, there's so much left to be  
done

All across the world, from the North to the South  
All across the world, from the East to the West

I'm goin' on a trip from city to city  
You wanna come along? you wanna come along?  
It's nothin' that they're gonna show on the TV  
You wanna come along? you wanna come along?

Where you are right now, your piece of history  
I'll tell you what's on your mind, I'll show you things  
you'll wouldn't  
See the signs, the times, the planet, all we see  
Just let me move you along on down the road of legacy

All across the world, from the North to the South  
All across the world, from the East to the West

I'm goin' on a trip from city to city  
You wanna come along? you wanna come along?  
It's nothin' that they're gonna show on the TV  
You wanna come along? You wanna come along?

Spirit, move me  
Spirit, move me  
Spirit, move me  
Spirit, move me

All across the world, from the North to the South  
All across the world, from the East to the West

I'm goin' on a trip from city to city  
You wanna come along? you wanna come along?  
It's nothin' that they're gonna show on the TV

You wanna come along?

From the North to the South  
From the East to the West  
From the North to the South  
From the East to the West

Spirit, move me  
Spirit, move me  
Spirit, move me  
Spirit, move me

1,2,3,4

1,2,3,4

Spirit, move me [more and more]  
Spirit, move me [more and more]  
Spirit, move me [more and more]  
Spirit, move me [more and more]

I'm goin' on a trip from city to city  
You wanna come along? you wanna come along?  
It's nothin' that they're gonna show on the TV  
You wanna come along? you wanna come along?

I'm goin' on a trip from city to city  
You wanna come along? you wanna come along?  
It's nothin' that they're gonna show on the TV  
You wanna come along? you wanna come along?
