We can see it, God, You're moving
We can feel it in our bones
Turn our hearts to all You're doing
With a shout we cry, with a shout we cry
Open wide heaven's gates, let Your glory fill this place
Here we stand in awe, here we stand in awe
Lifted high every heart, giving You every part
Here we stand in awe, here we stand in awe
We are filled with expectation
As we're reaching for Your throne
There's an anthem, hear it rising
With a shout we cry, with a shout we cry
Open wide heaven's gates, let Your glory fill this place
Here we stand in awe, here we stand in awe
Lifted high every heart, giving You every part
Here we stand in awe, here we stand in awe
There's nothing like Your presence, God
There's nothing like Your presence, God
There's nothing like Your presence, God
There's nothing like Your presence, God
Open wide heaven's gates, let Your glory fill this place
Here we stand in awe, here we stand in awe
Lifted high every heart, giving You every part
Here we stand in awe, here we stand in awe
Here we stand in awe, here we stand in awe
We are, we are
We are, we are
We are, we are
