I can't see myself without You
With You I get strength to do things I've never ever
dreamt in a million years
I'm unstoppable 'cause You're here with me
Unbelievable how I can believe how powerful You've
caused me to be, yeah

See only You got me flying with eagles, walking on
water
With You I can do the impossible
Jump over mountains with one single bound
I've found out I can do the impossible
Do the impossible

No other soul could have saved me
I feel You in every heartbeat
You're incredible, invincible - so easy to see You've
strengthened me
I'm out of this world, oh yeah, now that I'm with You
I'm unbreakable, there ain't no way I can lose

See only You got me flying with eagles, walking on
water
With You I can do the impossible
Jump over mountains with one single bound
I've found out I can do the impossible
Do the impossible

'Cause heaven is at the end of this road
Me and You, now I know I'm not alone
You're pierced in my heart, You're not just in my head
This is what makes You the best

See only You got me flying with eagles, walking on
water
With You I can do the impossible
Jump over mountains with one single bound
I've found out I can do the impossible
Do the impossible

No other soul could have saved me
I feel You in every heartbeat
