I wanna start it over
I wanna start again
I wanna new beginning
One without an end

I feel it inside calling out to me

It's the voice that whispers my name
It's a kiss without any shame
Something beautiful
Yeah, yeah
Like a song that stirs in my head
Singing love will take us where
Something's Beautiful

I've heard it in the silence
Seen it on a face
I felt it in the long hour
Like a sweet embrace
I know this is true
It's calling out to me

It's the voice that whispers my name
It's a kiss without any shame
Something beautiful
Yeah, yeah
Like a song that stirs in my head
Singing love will take us where

Something's Beautiful

It's the child on her wedding day
It's the daddy that gives her away
Something beautiful
When we laugh so hard we cry
Oh the love between you and I
Something beautiful

It's the voice that whispers my name
It's a kiss without any shame
Something beautiful
Yeah, yeah

Like a song that stirs in my head
Singing love will take us where
Something's Beautiful

It's the child on her wedding day
It's the daddy that gives her away
Something beautiful
When we laugh so hard we cry
Oh the love between you and I
Something beautiful

Something beautiful
