Think I'll wait for the tide
Seems it's all I can do right now
There must be a reason
I've run aground

I'll wait for the waves to come
By the moon and the tide
Like a man and his bride
I will wait on you, Lord
And we will run so far from here
To your safety

Think I'll lie in the sun for awhile
Maybe inside out
I've been leavin' messages for you
And I'm sure it will all work out

And I know the waves will come
By the moon and the tide
Like a man and his bride
I will wait on you, Lord
And we will run so far from here

To your safety in the storm
There is courage for the simple man
To the holders of secrets and scars
Learnin' to stand with reachin' arms
Waitin' till the very last, no matter what will be
You're always good, always good to me

We will run so far from here
I know the waves will come
By the moon and the tide
Like a man and his bride
I will wait on you, Lord

We will run so far from here
I know the waves will come
By the moon and the tide
Like a man and his bride
I will wait on you, Lord
We will run so far from here

To your safety
To your safety
To your safety
To your
To your safety
