Rewind the clock, we were, ridin' a wave
Of Oz rock, we were, but barely of age
To take charge, or pack our guitars for the long flight
She'll be alright
No cash or plan, we were, criss-crossing the states
In some van, we were c-c-cooking our beans
On the block while the motor was hot
Something's got to blow, let's get to the show

Give us half an inch,
We'll be tackin'on a mile
Give us a half stage,
We'll start up a rampage

Put on your back pack
Throw out your road map,
God'll use anything
Check it and see

He's given us more than we ever could ask for
That's the way we roll, 'cause we've been set free
That's the way we roll, 'cause we've been set free

Reset the stage, we were, out rattling the cage
With each show, we were
Out hawkin' them shirts
For more lights
Till 'Shine' hit the brights

And we saw your faces
And we got new bassists

Good and the lame, we were
Spinning our drums
Like a dial
We were, blowing up the domes
From a pile, it worked for awhile
If yours didn't rise,
We apologize

All we got to give is a God-given drive
He keeps us movin'

He keeps on provin'

Put on your back pack
Go on your own now,
God'll use anything
Check it and see

He's given us more than we ever could ask for
That's the way we roll, cause we've been set free
That's the way we roll, cause we've been set free
Starting up
We'll lighten up the load at the
Startin' gate, we'll
Lighten up the load to a fightin' weight
We'll light up the road
C'mon, kiss your mamma goodbye
We got to fly

Put on your back pack
Throw out your road map
God'll use anything
Check it and see
He's givin' us more than we ever could ask for
That's the way you roll when you've been set free
Put on your back pack
Throw out your road map
God'll use anything
Check it and see
He's givin' us more than we ever could ask for
That's the way we roll cause we've been set free
That's the way we roll cause we've been set free
That's the way we roll cause we've been set free
