I've been thinking it's about time  
To win the war that fights against all the lies invading  
my mind  
You have brought me to my senses  
Even though You built this world to shake  
You still love me in a personal way  
So I think it's time to leave my doubt behind

There's so much more than meets the eye  
Or what's going on inside  
I believe in something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees  
Giving into something way beyond myself  
I'm giving into something way beyond myself

Oh the way we build our empires hoping to impress our  
friends  
We've forgotten how to inspire those who fall to rise  
again  
Oh my God, You've built this world to shake  
You still love me in a personal way  
So I think it's time to leave my doubt behind

There's so much more than meets the eye  
Or what's going on inside  
I believe in something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees  
Giving into something way beyond myself  
I'm giving into something way beyond myself

Storms are gonna come my way, I know

Some things are out of our control but there's a hope  
beyond myself  
It's You and You will never let me go  
Now I want my life to show  
You got me thinking beyond myself  
Way beyond myself  
Yeah!

There's so much more than meets the eye  
Or what's going on inside  
I believe in something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees  
Giving into something way beyond myself

There's so much more than meets the eye  
Or what's going on inside  
I'm giving into something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees  
Giving into something way beyond myself

There's so much more than meets the eye  
Or what's going on inside  
I'm giving into something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees
