Just livin' in the miracle, candles are my vehicle
Eight nights, gonna shine invincible
No longer be divisible, born through the struggle
Keep on moving through all this hustle
Head up, head down through all of the bustle
New York City wanna flex your muscle
Look so down, look so puzzled
Huddle 'round your fire through all the rubble

Bound to stumble and fall but my strength comes not
from man at all
Bound to stumble and fall but my strength comes not
from man at all

Do you believe in miracles
Am I hearing you? Am I seeing you?
Eight nights and eight lights and these rites keep me
right
And bless me to the highest heights with your miracle

Against all odds drive on till tomorrow
Wipe away your tears and your sorrow
Sunrise in the sky like an arrow
No need to worry, no need to cry
Light up your mind no longer be blind
Him who searches will find
Leave your problems behind you will shine like a fire in
the sky
What's the reason we're alive - the reason we're alive,

Bound to stumble and fall but my strength comes not
from man at all
Bound to stumble and fall but my strength comes not
from man at all

Do you believe in miracles
Am I hearing you? Am I seeing you?
Eight nights and eight lights and these rites keep me
right
And bless me to the highest heights with your miracle

Eight is the number of infinity
One more than what you know how to be
And this is the light of festivity
When your broken heart yearns to be free

Do you believe in miracles
Am I hearing you? Am I seeing you?
Eight nights and eight lights and these rites keep me
right
And bless me to the highest heights with your miracle
Miracle, miracle, miracle, miracle, miracle, miracle,
