Is that you name  
The lone stars carved  
In red hot black  
On naked arms  
In solid smoke  
IÂ recognize  
The burning face IÂ used to love

Look what you did to me  
IÂ am not the woman IÂ used to be  
IÂ am chasing tales of the past  
The only treasure that doesn't last  
And it's you IÂ looked up to  
You always knew  
How to turn the truth into your enemy

You leave the trace  
Encrypted ash  
To give me sense  
Wake up and walk  
In shallow Arms IÂ look for peace  
And find despair

Look what you did to me  
IÂ am not the woman IÂ used to be  
IÂ am chasing tales of the past  
The only treasure that doesn't last  
And it's you IÂ looked up to  
You always knew  
How to turn the truth into your enemy

Look what you did to me  
IÂ am not the woman IÂ used to be  
IÂ am chasing tales of the past  
The only treasure that doesn't last

And it's you Iâve looked up to  
You always knew  
How to turn the truth into your enemy

(âinto your enemy)

(âinto your enemy)

(âinto your enemy)

(âinto your enemy)
