Newsies need our help today.  
Newsies need our help today.  
Tell 'em brooklyns on the way.  
Tell 'em brooklyns on the way.  
We're from brooklyn.  
We are newsies.  
We are brooklyn, newsies.  
Just got word that our buddies is hurtin'.  
Facing total disaster for certain.  
That our cue boys it's time to go slummin'.  
Hey manhattan, the cavalry's coming.  
Have no fear,  
(You know we got your back from way back.)  
Brooklyns here.  
(We'll get your payoff with some payoff.)  
We're the boys from the beaches of brighton.  
Prospect park and the navy yard pier.  
Strikes aint fun but they sure is exciting.  
Loud and clear, brooklyns here.  
Borough what gave me birth,  
Friendliest place on earth.  
Pay us a visit and see what we means.  
And when you do... when you do... when you do...  
We'll kick you half way to queens.  
Now them soakers is in for a soakin'  
What a sad way to end a career.  
Theys a joke but if they thinks were joking.  
Load and clear...  
MANHATTANS HERE  
FLUSHINGS HERE  
RICHMONDS HERE  
WOODSIDES HERE  
SO IS THE BRONX  
(Stick out tongue noise)  
Brooklyns here, loud and clear.  
We is here!
