I'll never gonna like you, look upon you, like you did to me  
Mama told me not be like you just beat'em and to lose'em free  
your not even a human, a human beyond this truman  
screaming, dreaming whatever you do is not inside your feeling

I know why you hate me, how to DIS me, disrespecting me

Shabby that's my name, you gave me a name,  
well thank you now I'm free

Now I'm gonna lick'em and then I will stick'em,  
bitching itching after all now All I do is just to kill him

Mama told me not be like you just beat'em and to lose'em free  
(I) don't even want to fuck you (you know why?)  
cuz I'll get venereal  
(I do) I don't want my kid to sit in next of ex-of hero kid

Shabby that's my name, you gave me a name,  
well thank you now I'm free  
Can tell it from your sight and  
your voice and your eyes that goes up and down
