Never ending story you were talking day by day
I thought you were just fooling me
But that was all about

Everlasting story you were wondering all day long
I thought you were just hiding from reality of human

NANCHITTE today I'm now sick of saying
"Maybe yes,maybe not"
Because this world's about it's word,saying
"Yah yah yah"
While my thoughts crying "no" shouting "oh oh oh"

"Oh,shit"
