Said I wanna be with you
I just wanna be with you
Yes, I wanna be with you
Until I die

Talking to my favorite songs and I'm about to fly
I wish that I'd be there next to closest by your side
'So am I'. Well, who am I?

Reality knocks on my door and I'm about to cry
I tried to shut down the world but it's time to say good-bye
You and I will live and die, well so what

Cuz I wanna be with you
Cuz I wanna be with you
Cuz I wanna be with you
Until I die
