It's always been a mystery to me
How two hearts can come together
And love can last forever
But now that I have found you, I believe

That a miracle has come
When God sends the perfect One
Now gone are all my questions about why
And I've never been so sure of anything in my life

Oh, I wonder what God was thinking when He created you
I wonder if He, He knew everything I would need
Because He made all my dreams come true, when God made you
He must have been thinking about me

I promise that wherever you may go
Wherever life may lead you
With all my heart I'll be there too
And from this moment on, I want you to know

I'll let nothing come between us
And I will love the ones you love
Now gone are all my question about why
And I've never been so sure of anything in my life
I wonder what God was thinking when He created you
I wonder if He knew everything I would need
Because He made all my dreams come true, when God made you
He must have been thinking about me

He made the sun, He made the moon
To harmonize in perfect tune
One can't move without the other
They just have to be together

And that is why, I know it's true
You're for me and I'm for You
'Cause my world just can't be right
Without you in my life

I wonder what God was thinking when He created you
I wonder if He knew everything I would need
Because He made all my dreams come true, when God
made you
He must have been thinking about me

He must've heard every prayer I've been praying
Yes, He knew everything I would need
When God made you, yes He did
When dreams come true
When God made you
He must've been thinking about me
