Oh

Just one look into your eyes  
I can see your heart is aching  
From the disappointments life has put you through

You've tried to run  
You've tried to hide and live in isolation  
Saying nothing else will ever get to you

Well, Jesus came to free you  
From the fear inside your heart  
His love will always find you  
No matter where you are

You can build a wall around your life  
Go ahead and make it strong and harder  
It won't stop love, it won't stop love

You can close the door behind you  
You can lock it if you want to  
But it won't stop love, no it won't stop  
Won't stop love

Now could it be there's someone who  
Understands the hurt you're feeling  
One who loves you just the way you are

And could it be that all this time  
He's been right there waiting  
For you to simply open up your heart

His love will never, ever change  
No matter what you do  
Nothing in this world  
Could ever stop His love for you

You can build a wall around your life  
Go ahead and make it strong and harder  
Won't stop love, it won't stop love  
(Won't stop love)

You can close the door behind you  
You can lock it if you want to  
But it won't stop love, it won't stop  
Won't stop love

There's no place where you can go  
He can find you there  
He won't stop until His love  
Finally breaks through

You can build a wall around your life  
Go ahead and make it strong and harder  
But it won't stop love, it won't stop love  
(Oh, it won't stop love)

You can close the door behind you  
Even lock it if you want, want to  
But it won't stop love, but it won't stop love  
(No, that won't stop love)

You can build a wall around your life  
Go ahead and make it strong and harder  
But it won't stop love, no, no, no, no

You can close the door behind you  
Even lock it if you want to  
But it won't stop love, no, no, no, no, no, no, no, no

But you can build a wall around your life  
Go ahead and make it strong and make it harder  
But it won't stop, won't stop, won't, don't, don't, don't,  
don't stop  
Close the door
