[Chorus: Marka]

I had to stand all alone  
yall left me on my own  
one standing supporter who put me on  
I'm at the top and yall hate it  
I'm at the top and yall hate it  
is that you reaching out for me  
really what I see? where were you when  
I was falling down

I'm at the top and yall hate it

[1st Verse: Rhythmic Ability]

I can tell they hate this, Haters Make Us Famous  
why you think im waiting?  
cus my patience always fading  
im investigating my steps that im retracing  
all these tracks are changing  
why you think that I'm passing  
these spirits that we are breaking  
and the lives that we are taking  
this world that we are shaking  
in the ground is where they're laying  
their bodies is decaying  
why you think that im facing  
all these trials and tribulations, ain't nobody waking  
cus I never been a bitch since the day that I was born  
and I been talking shit,  
fuck I'm still talking shit  
and I never been stitched  
even though my heart was torn  
and its still getting ripped, still getting ripped  
see by the time that im through with you  
they going to make a move or two  
release to America about the shit I did to you  
Haters Make Us Famous, why do I have to explain this  
I think that im enriched with my lyrics, you haters faded

[Chorus]

[2nd Verse: El Lyrikah]

They're reaching for my heights

and they get stuck trying, they look past  
realize and now they're rewinding  
like what is he saying? not even trying

its another bored day and im still rhyiming  
Kanye said "asthma attack it"  
I say, I'm just crazy enough to breath it in  
I'm to real to talk in riddles  
you will never get on my level  
and if you did, I'm sorry to tell you  
I don't even have one, now who's looking dumb  
I don't talk about something I don't have or get  
my point blank, I got these pussies and I get them wet  
now watch all these haters talk shit  
me and this game used to actually date  
she loved it when I dominated  
with love comes hate, "lyrik your fans love you"  
these other rappers hated  
they rate me two point five stars  
I drop this beat, I overdosed, and got stoned  
drunk as fuck and I still stand alone

[Chorus]

[Rhythmic Ability]

This mike is my life, this stage is my pedi stool  
these liberals are critical, I just turned medical  
initially I'm mental, i go ham on instrumentals  
predominate potential,  
I just feel I should continue  
on the fact that yall hated, and everybody knows it  
your actions on this camera man will never stop my  
focus  
I'm open to suggestions but I reckon you will notice  
your hate keeps me going like coal to local motive  
but these tracks keep changing, you probably arranged  
it  
Haters Make Us Famous why the fuck you think they  
hate this  
I'm so hate-rated, fuck it I'm hater racist,  
I just united stated I'm way too over rated  
do you want to know my definition of beef  
be a world of ever thing, everyone fearing me  
fame and fortune, is that what you're after  
okay your a bitch, but whats a bitch to a bastard

[Chorus]
