There she goes again
Severed by the light
The break of a day
She's been out all night
Rupturing with fear
Her roads too tough to drive
I just light her way
But it's her fight

There she goes again
Breaking hearts that mend
I'll tell you once again
That she don't pretend
She'll break right through your vice

Attacking me with hate
My defense was late
Crushing my ambitions
With her mindless decisions
She's so quick to point
But it's my gun
Seducing me with her sexy persuasion

There she goes again
Breaking hearts that mend
I'll tell you once again
That she don't pretend
She'll break right through the vice

Hey Now
There she goes again
Breaking hearts that mend
I'll tell you once again
That she don't pretend
Hey Now
What gives you the right to take me for a ride
When I was the one who stood beside your side

I don't know where I'm going
But I know I'm on my way
Away from the place

That hurts me everyway

Well there she goes again
Breaking hearts that mend
I'll tell you once again
That she don't pretend
Alright, alright, alright
She'll break right through your vice

Hey Now
There she goes again
Breaking hearts that mend
I'll tell you once again
That she don't pretend
Hey Now
What gives you the right to take me for a ride
When I was the one who stood beside your side

I'd follow you anywhere
Just know I'm not afraid
Let me drink your beauty
Let me taste your charade

Hey Now
There she goes again
Breaking hearts that mend
I'll tell you once again
That she don't pretend
Hey Now
What gives you the right to take me for a ride
When I was the one who stood beside your side
Stood beside your side
I lost to you again
