I've always felt my life was
Half full
Building bridges over rivers of pain
I've always made my way
To the wrong road
And now I'm by myself,
And walk alone

Well keep your distance 'cause I'm weeping sore out
from my
I'll see to you till I can see

You trip me up with all your falls
So sexy in your little black bra
Keep your distance 'cause my heart still weeps you
So sexy in your little bra
On the floor, I'd watch it fall
Let me have one last breath with you

If stealing hearts was a crime
Then you stole mine tons of times
You broke my pain into
How wrong I was about you

Confronting death
Analyse my soul
And I guess we'll know

If it's really there, I'll be pleasantly surprised

I'm doing my best to save you
And show you all that I could
Oh, as I climb up to you

You trip me up with all your falls
So sexy in your little black bra
Keep your distance 'cause my heart still weeps you
So sexy in your little bra
On the floor, I'd watch it fall
Let me have one last breath with you

So sexy in your little black bra
On the floor, I'd watch it fall
Keep your distance 'cause my heart still weeps you

So sexy in your little black bra
On the floor, I'd fall
Let me have one last breath with you

You trip me up with all your falls
So sexy in your little black bra
Keep your distance 'cause my heart still weeps you
So sexy in your little bra
On the floor, I'd fall
Let me have one last breath with you
