I am strange,
I know very well
As you can tell.
I am travelling
Just to see
New things.
Hey, Daydreamer!
Dreams waking,
Breath taking...

Hey, Daydreamer!
How did you get so high,
Head-off in the clouds?
Nothingness surrounds you,
You are all alone in a crowd.
Wake and baking today
Because I got to get away from me.
Hardly ever gentle,
Rarely sentimental,
And fairly,
Even tempered
Trying to stay centered.
Positively leaning,
Searching for the meaning of
Why we do such crazy things,
Chasing after dreams
As if they were fading?
So frustrating.

Hey, Daydreamer!
How did you get so high,
Head-off in the clouds?
Nothingness surrounds you,
You are alone in a crowd!

Wake up!!!
Do not sleep on your dreams!
Wake up!!!
They are waiting for you!
Wake up!!!
No rest for the weary!

Soul flower, fly free!
Won't let no heavy spirit take control.
I am walking on my own plane,
I am here to do my own thing,
Finally! Finally!

Child of man be strong!
Patience is virtuous
And the labour is long.
But you don't have to day dream,
We are living in a wake dream...
Finally! Finally!
