I never was enough.
But I was just enough bug up.
And you really did want me.
But I was always wanting your love.
I gave you all I had.
Yeah, that is right.
But it was not enough.
And I have just had enough,
I am so tired of wanting you.

Still you say, stay with me!
Lovely, stay with me!
Please just stay with me!
Lovely, stay!

It is all backwards the way I do not love you that much.
And your touch is not my remedy, darling you set me
free.
But hold me down, though I surrendered to you.
I gave you all I had
Yeah, that is right.
But you brush me off
When I feel I am lost,
You call my name,
You call my name.

And you say
Stay with me!
Please just stay with me!
Stay with me, stay!

I am so tired of wanting your love,
Seems it is haunting me round every corner.
I cannot get away!
I cannot get away!
I cannot get away!
All I hear is stay!
Stay with me!
Please just
Stay with me!

If I am the truth then why would you make a laugh of

me.
I am down for you entirely,
I have nothing left to prove.
You leave me now you lose
So can you choose or must I do it for you.
I am not amused.
A game of love is what we play.
A bad romance is in our fate but I will partake.
It is masochistic but the pain is all I long for.
Every day I will give it all for your heart break.
I know you feel me...
You are so weak, you tell me No
But you do not mean it.
I keep it all inside to be the way you like
And it is a shame that I,
I never was enough.
