A friend
Then a date
Then my man
Then a snake.
Youre so fake,
Such a flake.
Empty promises is what Ill take from
Time I spent with you
Didnt wanna call me boo
And I didnt have a clue
About the shit you put me through.
Never ever really loved me babe,
Only ever love the shit I gave you
And Im not a player hater
Just go away!

Is that all you have to say?
Would you just give me some space?
Im not listening anyway!
If shes so great:
Get the fuck out my face!

This is such a wast of time!
Im about to loose my mind!
I dont care so, how
About you go get a life?
Get the fuck out my face!

My folks,
Not my bro,
Not some joe,
Not much more...
Well at first,
Then it changed...
He put it down and made me say his name.
Then he came up with an old lady
And the broad was so crazy.
She would make him call me daily
Telling me how much he hated me.
I was almost hurt about it
But I never really doubted:
He would do what ever he likes,

Even if its sleep with me at night..
And we play,
Never do stay too far away.
Not for long weve got some bond
Step to me and youll hit a brick wall.
Its that strong,
Just back off...
Girl go home cause you look so lost
With your cupcakes and your tears,
Matter of fact baby just disappear!

Is that all you have to say?
Would you just give me some space?
Im not listening anyway.
If shes so great:
Get the fuck out my face!
This is such a waste of time!
Im about to loose my mind!
I dont care so, how
About you go get a life?
Get the fuck out my face!

Is that all you have to say?
Would you just give me some space?
Im not listening anyway.
If shes so great:
Get the fuck out my face!
This is such a waste of time!
Im about to loose my mind!
I dont care so, how
About you go get a life?
Get the fuck out my face!

Love was like floating on a cloud,
Took me so high I cant come down.
Wondering if Ill ever be found
In love again and not just pretend.
Did I imagine it was true?
Love wouldnt do me like you do,
You do, not like you do,
I loved you for real!
I wont say I didnt feel
For you,
But now Im through.
Baby
Save me your tears
You wont see no remorse here
I was so true and faithful to you.
Baby I!
I cried for you,
You were so cruel

And thought you were cool.

You left me standing here so heart broken.

I was so all alone.

I missed you baby

While you were gone.

But not for too long,

Not for too long...

Im strong...
