Here I come
I'm your daddy long-leg boy
With a spider to enjoy
Knocking on your door
Knock, knock
Here we go
My turret's is kicking in
Is your patience wearing thin?
Just another night gotta get it right

I'm on the devil's spaceship
I own the DMV
So let me see your pink slip
And I won't tell nobody that you're friends with me

I'm on the devil's spaceship
I got some DNA
Seems like a shame to waste it

Going south
I see no future down my throat
Grab my balls and hit the note that's never there
Arrgh!

I'm on the devil's spaceship
I'm in the CIA
But you'll never trace it

I'm on the devil's spaceship
I'm in the FBI
I'm on the devil's spaceship
And I won't tell your momma that you made me cry
