I'd rather be a cold cow out grazing in the snow
Than rock and roll in the hay with you
Right now, only right now
And i'd rather return like a suction cup
A prince back into the toad
Than to jump off another cliff
Right now, only right now
When I'm around you I feel dumb
Like mockingbirds flying through my head
And I don't know how much longer
I don't know how much longer
'Til they pick on someone else
Ya gotta keep the spark alive
Kiss your own ass if nobody else will
Ya gotta keep the spark alive
Kiss your own ass if nobody else will

Well i'd rather be a firefly giving heat and giving light
Than an object of desire
Right now, only right now
And i'd rather be a jackalope living homeless on the
range
Than a poodle in your punk parade
Right now, only right now
Uh huh, you're everybody's friend
But you don't know who to trust
And you don't know how much longer
You don't know how much longer
Chaos will be kind
Ya gotta keep the spark alive
Kiss your own ass if nobody else will
Ya gotta keep the spark alive
Kiss your own ass if nobody else will

Keep the spark alive
Kiss your own ass if nobody else will
Ya gotta keep the spark alive
Kiss your own ass if nobody else will
