I g-g-g-g-gotta say honestly,  
When you look me it's like a gun goes off deep inside  
of me  
I can hardly move I can barely breathe near your  
features  
The t-t-t-t-t-trouble is it's just so obvious I still see all  
the lines of surgery remnants  
Where you cut away, left your flaws behind in the ether  
P-p-p-Face of puzzle pieces!  
That don't fit together  
Puzzle pieces  
That don't fit together  
It's never right but you just can't move on  
You can't decide take away or put on  
Your design but you won't stop working  
A masterpiece in the flesh  
It's your puzzle!  
It's your puzzle!  
It's yours  
The d-d-d-d-d-Doctor's hands carry out the plans to  
take you all apart

And put you back again  
Your face is canvas and your own body serves  
As the easel  
It's just (it's just it's just) so hard to quit when you're  
hooked on it  
You're just a junkie craving one more plastic fix  
Keep you update with the all the latest trends of the  
seasons  
P-p-p-face of puzzle pieces!  
That don't fit together  
Puzzle pieces  
That don't fit together  
It's never right but you just can't move one  
You can't decide take away or put on  
Your design but you won't stop working  
A masterpiece in the flesh  
It's your puzzle!  
It's your puzzle!  
It's yours
