You can be my loverboy  
You can be my loverboy  
Are you ready for this?  
Are you ready baby tell me are you ready for this now?  
Scarlett Belle, is rare  
Let's go

Something, about you is suspicious  
And your love must be some kind of drug  
And I need what it is you are dealing  
Cos I can't get enough of your love

What you got give it to me boy  
What I've done, never wanted more  
This feeling that I have is so unusual  
Better know that I like it cos  
It feels like I'm gonna lose control  
I lose myself when I'm with you  
You know that you're my loverboy

Something about you makes me want you loverboy  
I just can't help myself I need you my loverboy  
Boy I'm craving your l.o.v.e  
I don't know why I can't get enough

Loverboy, you know I want your love  
Loverboy, I can't resist your love  
Loverboy, and you got me wanting more  
I don't know why I can't get enough

You can be my loverboy

Come here cos I need some of your attention  
And I'll give, boy you know I'll give it back  
Let me, let me be your lovergirl, lovergirl  
Cos I got a lot to give, boy can you handle that? Oh

What you got give it to me boy

What I've done, never wanted more  
Your sexiness has got me so addicted oh  
Better know that I like it cos

It feels like I'm gonna lose control  
I lose myself when I'm with you  
You know that you're my loverboy

Something about you makes me want you loverboy  
I just can't help myself I need you my loverboy  
Boy I'm craving your l.o.v.e  
I don't know why I can't get enough

Loverboy, you know I want your love  
Loverboy, I can't resist your love  
Loverboy, and you got me wanting more  
I don't know why I can't get enough

I can't get enough, I can't, I can't get enough no  
I can't get enough, I can't, I can't get enough no  
(Yeehee Ahh)  
I can't get enough, I can't, I can't get enough oh  
I don't know why I can't get enough

Loverboy, something about you makes me want you  
loverboy  
I just can't help myself I need you my loverboy  
Boy I'm craving your l.o.v.e  
I don't know why I can't get enough

Loverboy, you know I want your love  
Loverboy, I can't resist your love  
Loverboy, and you got me wanting more  
I don't know why I can't get enough

You can be my loverboy  
You can be my loverboy  
I don't know why I can't get enough
