So hold on tight got another one coming your way
Listen up you pretty little thing
Don't take the blame, it's just a black cloud
That just loves to follow you around
Here we go, it's raining today
The sky don't care about your parade
Let's take a walk, listen to me
But make sure you listen carefully

You say it's impossible
But I see the glass half full

Tomorrow comes, today's all done
You think you know
Your boats too far and I'm ashore
So did you know?
I won't wait here for too much longer
Can you walk, you walk on water?

Woah oh, woah ah, woah oh, woah ah

So here we go, take a walk with me today
Listen up you pretty little thing
He broke your heart, well don't blame him
It's just that damned weather again
I'm not sure where we're going, okay?
But it looks like we're on our way
I made you laugh, I made you smile
And you shined on for 100 miles

You say it's impossible
But I see the glass half full

Tomorrow comes, today's all done
You think you know
Your boats too far and I'm ashore
So did you know?
I won't wait here for too much longer
You walk, you walk on water

Woah oh, woah ah, woah oh, woah ah

So let's not forget why things turned out this way
I guess we can take a walk right back through the rain
And thank our lucky stars you walk with me today
But anyway...

Tomorrow comes, today's all done
You think you know
Your boats too far and I'm ashore
So did you know?
I won't wait here for too much longer
But you walk, you walk on water

Woah oh, woah ah, woah oh, woah ah
