Love love is a verb,  
love is a doing word,  
fearless on my breathe  
Gentle impulsion,  
shakes me makes me lighter  
fearless on my breathe

Teardrop on the fire  
fearless on my breathe

Water is my eye  
most faithful mirror  
fearless on my breathe  
Teardrop on the fire  
Over come vision  
fearless on my breathe  
most faithful mirror  
fearless on my breathe  
teardrop on the fire  
fearless on my breathe

Your stumbling in the dark  
Stumbling in the dark
