must be something in the water /
'cause i never seen girls this hotter /
and you gotta give props to the father /
when you see a hot mom with a hot daughter /
guess they call it the golden state /
'cause these girls they look great make no mistake /
and i been around the world so it's no debate /
got all my homies out of town trying to relocate /
now, down south in the A-ATL /
where the shawties shake shake it well /
all the ladies on the east coast /
your style, what i love about you most /
you make it hard to say goodbye /
to the girls in Miami looking fly /
Midwest won't doubt ya /
but these girls on the west coast, something about ya /

i've been all around the world
it's nothing like a California Girl
i've been all around the world
it's nothing like a California Girl

this is for my San Diego girls /
you sexy señoritas /
pardon me for staring baby /
i'm so attracted to your features /
for the divas out in Hollywood /
never know Holly looked that good /
and what them other girls won't /
guaranteed that Holly would /
at the disco, out in Frisco /
champagne for the evening /
with some girls from Sacramento /
in the Bay for the weekend /
and you are the life of the party /
word to Mistah F.A.B. /
so many girls up in the this club /
that's one for you and three for me /

i've been all around the world
it's nothing like a California Girl
i've been all around the world

it's nothing like a California Girl

i've been all around the world
it's nothing like a California Girl
i've been all around the world
it's nothing like a California Girl

tonight, we gone do it the Cali way /
in the morning blame it on the Alize /
ay, i'm just glad that you came to play /
no, we don't care what the haters say /
tonight, we gone do it the Cali way /
in the morning blame it on the Alize /
ay, i'm just glad that you came to play /
no, we don't care what the haters say /

now the West Coast is back /
and i'm so proud of that /
when the dj play this track /
now all the girls call me right back /
but i don't answer my phone, no /
'cause i'm not at home /
i'm chillin' with /
i'm with my Cali Girl /
every time i leave i find myself /
going back to Cali /
for the Sallys and the Suzies /
L.A. face and Oakland booties /
California king size mattresses /
for aspiring actresses /
now who killing the track that is?/
