when it comes tumblin' down
when it comes tumblin down...
down

how could this happen?
uh huh, you guessed it
my jaw dropped when i finally got your message
remember the beginning, at the show RUN-DMC'n
you was sitting with Jay-Z and at the bar we started
speaking
use to hang out from the AM to the PM
thats is, good morning, good afternoon and good
evening
if it was late and ya folks was sleep, then i would sneak
in
just to hear you breathing, now tell me what's the
reason?

oh you don't love me no more?
you don't love me no more?
don't love me no more
love no more

oh you don't love me no more?
you don't love me no more?
don't love me no more
love no more

i thought we was two thumbs up terrific
now you on my case 'cause i sound a little different
and i know this one aint something that you use to
got me looking like, all this time i used you
got me on that chris brown sh*t like i abused you
never thought this music be the reason that i lose you
you told me that i sound way too electro
that got me on the jet yo, hip hop yeah she let go

hip hop don't love me no more
oh you don't love me no more?
don't love me no more
love no more

oh you don't love me no more?
you don't love me no more?
don't love me no more
love no more
oh you don't love me no more?

Nas told me you was dead
had me going out of my head
had me on that r-r-rock & roll instead
told you i'd be right back, now you gone do me like
that?
heard you moved overseas looking for some real
emcees
now when i call you like "negro please"
see she's...

hip hop don't love me no more
oh you don't love me no more?
don't love me no more
love no more

oh you don't love me no more?
you don't love me no more?
don't love me no more
love no more
oh you don't love me no more
