this is for all the people said i wouldn't be nothing /  
and that was the words that i needed to hear to turn  
this here into something /  
i can't front, we trying to get the grammy /  
hit the road and postcard to the family /  
rock that show everywhere where the fans be /  
and i know that the haters can't stand me /  
excuse my french if you don't understand me /  
tell me what it's not, i'm a tell you what it can be /  
'cause tonight if it go alright, tomorrow we gone be  
somewhere sandy /  
girl you ain't even got to wear nothing fancy /  
engine running, i'm ready to go /  
plus we already late for the show /  
you know who it is so act like you know /  
all the late nights in the studio you thought that i was  
up to no good good good /  
now i'd never do that to you but i know that maybe tiger  
wood's wood would /

for all the lame shows /  
and the doors closed /  
broken promises, could have given up /  
when times are rough /  
we carry on /  
carry on and on /

for all the lame shows /  
and the doors closed /  
broken promises, could have given up /  
when times are rough /  
we carry on /  
carry on and on /

this is my fifteen seconds of fame /  
i promise y'all we gone be back again /  
got one life with a whole lot to gain /  
and live our dreams like we sleeping /  
please don't wake me let me sleep /  
that's when i come up with the words for the beat /  
let moms tell it, we already famous /  
pops want to know how much is it paying /

nah i ain't the best, but i'm saying /  
when nobody else would play him /  
like when you walk in an empty restaurant/  
and they tell you all the seats in taken/ and it's big, this  
history making /  
and it's big like a sumo's waistband /  
to get here took a lot of patience /  
and everything to fall into placement /  
and now the advice that you gave me sounds the  
clearest /  
when my homie said "success is the brother of  
perseverance" /

for all the lame shows /  
and the doors closed /  
broken promises, could have given up /  
when times are rough /  
we carry on /

carry on and on /

for all the lame shows /  
and the doors closed /  
broken promises, could have given up /  
when times are rough /  
we carry on /  
carry on and on /

we move fast, they move slow /  
we say yes, they say no /  
we take it high, they stay low /  
they say stop, we say go /  
sometimes wrong, that's fa'sho /  
but one thing that we do know /  
when you ahead of the game you can turn around and  
tell 'em "i told so" /

uh, /  
this is something like braille, at the tip of my fingers /  
if i pass or fail, i'll still be a genius /  
the way i use words in my freedom of speeches /  
beautiful, like making babies with the senioritas /  
we going through life looking for reasons /  
feel like climbing to the top of the charts and just  
screaming /  
or maybe i'm dreaming and just never woke up /  
yeah, maybe i'm dreaming and just never woke up /  
i told my little sister, she don't need all that makeup /  
you never know love until you go through that bad  
breakup /

for all the lame shows /  
and the doors closed /  
broken promises, could have given up /  
when times are rough /  
we carry on /  
carry on and on /

for all the lame shows /  
and the doors closed /  
broken promises, could have given up /  
when times are rough /  
we carry on /  
carry on and on /

we move fast, they move slow /  
we say yes, they say no /  
we take it high, they stay low /  
they say stop, we say go /  
sometimes wrong, that's fa'sho /  
but one thing that we do know /  
when you ahead of the game you can turn around and  
tell 'em "i told so" /
