i seen her walk and bring a snail from up out of his  
shell /  
turnaround to a trail of boys on her tail /  
but y'all can't afford that, wait 'til she put it on sale /  
i hope i don't fail when i tell her well ... /

hello ms. guaranteed to get a second look /  
you off the chain, off the charts, off the hook /  
that first impression is so impressive /  
pardon me ms. , i can't help but stare /  
but a part of me want to say "how you do that there?" /  
how you make them jeans look like the perfect pair? /  
ain't nothing fake about her, she don't need to pretend  
/  
she the one that looks the best out of all of her friends /  
so /

what we waiting for, we just getting older /  
last time i saw you i wish i told ya /  
before too long this could all be over /  
last time i saw you i should have told ya /

i admit you the sh\*t so when you pass by i get, so shy /  
i admit you the sh\*t so when you pass by i get, so shy /  
i admit you the sh\*t so when you pass by i get, so shy /  
'cause your so fly /

if looks could kill she committing a murder /  
she guilty of that, let me tell her the verdict /  
the way she serves it up will make you want to do a  
double take /  
look the other way, and then you do another take /  
i think our shadows need to take us on a double date /  
we all humans and i know we all make mistakes /  
but in her case i can't seem to find the place /  
they say that time is money, i ain't got either to waste /  
so /

what we waiting for, we just getting older /  
last time i saw you i wish i told ya /  
before too long this could all be over /  
last time i saw you i should have told ya /

i admit you the sh\*t so when you pass by i get, so shy /  
i admit you the sh\*t so when you pass by i get, so shy /  
i admit you the sh\*t so when you pass by i get, so shy /  
'cause your so fly /

ok, i gotta say something, gotta stop frontin' /  
but every time i see the girl i say nothing /  
gotta say something like "how you doing?" /  
but if you say the wrong nothing you could ruin it /  
you could be the good guy, give it a good try /  
then you get the bad news, kiss that goodbye /  
nah, she ain't trying to hear another pickup line /  
so i put away my pickup sign /  
'cause it could all be over, and we just getting older /  
so i leaned over and told her /  
"welcome to McDonalds, how can i take your order? /

what we waiting for, we just getting older /  
last time i saw you i wish i told ya /  
before too long this could all be over /  
last time i saw you i should have told ya /

i admit you the sh\*t so when you pass by i get, so shy /  
i admit you the sh\*t so when you pass by i get, so shy /  
i admit you the sh\*t so when you pass by i get, so shy /  
'cause your so fly /
